COUNCIL COMMUNICATION

AGENDA TITLE: Adopt Resolution Authorizing the Community Development Director to Submit Waste Tire Public Education and Amnesty Day Grant Application to State Integrated Waste Management Board

MEETING DATE: August 6, 2003

PREPARED BY: Community Development Director

RECOMMENDED ACTION: That the City Council adopt a Resolution authorizing the Community Development Director to submit a grant application in the amount of \$20,000 to the State Integrated Waste Management Board for the Waste Tire Public Education and Amnesty Day Event Program.

BACKGROUND INFORMATION: The California Integrated Waste Management Board (CIWMB) administers a Tire Grant Program to divert waste tires for landfill disposal and to prevent illegal dumping, educate the public on proper tire maintenance and disposal and promote markets for recycled-content waste tire products.

The purpose of the Local Government Public Education and Amnesty Day Grant Program is to decrease the adverse environmental impacts created by unlawful disposal of used and waste tires. This grant is specifically for the removal or collection of waste tires and for public education on waste tire disposal.

CIWMB allows individual jurisdictions to apply for up to \$20,000.

Each year, the City of Lodi participates in the Great American Clean-up Campaign through Keep America Beautiful and the State affiliate, Keep California Beautiful. These annual campaigns bring a multitude of organizations and agencies together to promote conservation, recycling and community beautification. These grant funds would allow that campaign to expand to address the increasing blight that dumped waste tires have on our community and provide Amnesty Day events over the next three years to give residents a reasonable alternative for disposal of waste tires.

The Community Improvement Division, along with the Public Works Department, and Central Valley Waste Disposal, are putting together a proposal to be submitted with this grant application which includes billboard, newspaper and radio advertising, public service announcements, multi-lingual pamphlets and other educational outreach materials targeted to our Hispanic and Middle Eastern residents, as well as annual Waste Tire Collection Days over the next three years.
